

Department of Metallurgical & Materials Engineering

National webinar series on Prospects and Career
Opportunities in Metallurgical and Materials Engineering - The way forward
(July- August 2020)

Dr. Arun Issac, Scientist,
Composite Materials entity
VSSC, ISRO, Trivandrum

Topic : "A Rendezvous with opportunities in Materials Science"

Prof. K. Sreekumar,
Group Director (Rtd.)
Metallurgy and materials group
VSSC, Trivandrum

Topic : "The role of Metallurgy and Materials Scientists in
Indian Space research Programmes"

Dr. Shaju. K. Albert
Director, Metallurgy & materials group
IGCAR, Kalpakkam

Topic : "Properties that cannot be predicted from the periodic table"

Dr. Rijesh. M.,
Associate professor
VIT University, Vellore

Topic : "Metallurgical & Materials Engineering:
what you learn and where you land"

Prof. K. Narasimhan,
Professor & Head
Dept of Metallurgical and Materials
Engineering, IIT Bombay

Topic : "Scope and opportunities in Metallurgical & Materials Engineering
for an engineering aspirant"

Dr. Sivaprasad Murugan,
Centre for Industrial technology development
Dong-Eui- University
South Korea

Topic : "Career prospects for metallurgical engineering
graduates in welding industry"

Mr. Sherin Thampi
Asst. Professor
Department of ME
Amal Jyothi College of Engineering

Topic : "Opportunities awaiting materials engineers
in welding sector and quality inspections"

Mr. Jithin Devasia
Asst. Professor
Department of MME
Amal Jyothi College of Engineering

Topic : "What do we offer for a metallurgical engineering aspirant
at Amal Jyothi?"
