

National webinar series on “Prospects and career opportunities in Metallurgical and Materials Engineering- The way forward” (July-August)

Sl. No	Title of the talk	Details of the speaker	Date and time
1	A Rendezvous with opportunities in Materials Science	Dr. Arun D. I, Scientist, Composite Materials entity, VSSC, ISRO, Trivandrum	11/07/2020, 5 pm- 6 pm
2	Properties that cannot be predicted from the periodic table	Dr. Shaju. K. Albert, Director, Metallurgy and materials group, IGCAR, Kalpakkam	18/07/2020 3.30 pm- 4.30 pm
3	Opportunities awaiting materials engineers in welding sector and quality inspections	Mr. Sherin Thampi Asst. Professor, Department of ME, Amal Jyothi College of Engineering, Kanjirappally	25/07/2020 6.00 - 7.00 pm
4	Metallurgical and Materials Engineering: what you learn and where you land	Dr. Rijesh. M, Associate professor, VIT University, Vellore	29/07/2020, 6.00 - 7.00 pm
5	The role of Metallurgy and Materials Scientist in Indian Space research Programmes	Prof. K. Sreekumar, Group Director (Rtd.), Metallurgy and materials group, VSSC, Trivandrum	01/08/2020 5.00 - 6.00 pm
6	Scope and opportunities in Metallurgical and Materials Engineering for an engineering aspirant	Prof. K. Narasimhan, Professor, Department of Metallurgical and Materials Engineering, IIT Bombay	08/08/2020 6.00 - 7.00 pm
7	Career prospects for metallurgical engineering graduates in welding industry	Dr. Sivaprasad Murugan, Centre for Industrial technology development, Dong-Eui- University, South Korea	10/08/2020 6.00 - 7.00 pm
8	What do we offer for a metallurgical engineering aspirant at Amal Jyothi?	Mr. Jithin Devasia Asst. Professor, Department of MME, Amal Jyothi College of Engineering, Kanjirappally	12/08/2020 4.30 pm- 5.30 pm
